PERFORMANCE FABRIC

**100%**  
solution dyed material.

Due to the nature of the yarn, the material will yield high performances for stain resistance, colorfastness to light and increased abrasion.

**colorfastness & anti-fading**

Nuvella™ is made from solution dyed synthetic fibers. In the solution dyeing process, dye is added to the molten polymer and extruded into colored fibers. This results in 100% penetration of color into the fibers.
